Dear Mr Wichman:

On behalf of the Board of Directors of the Commission on Accreditation of Medical Physics Educational Programs (CAMPEP), I am pleased to inform you that the accreditation of the Texas Oncology Medical Physics Residency Program has been extended to December 31, 2016. At that time, accreditation can then be extended to December 31, 2018, with the stipulation that acceptable annual reports are provided. At present, the program accreditation is limited to the single Dallas site for two years, as was discussed in the original letter of accreditation.

Please accept our congratulations on the accreditation of your program. You are expected to provide annual progress reports on these suggestions and also to provide information regarding any substantive changes in the program.

By separate cover, you will receive a framed certificate acknowledging accreditation of the program. Please contact me if you have any questions or suggestions on the accreditation process.

Sincerely,

Wayne Beckham, PhD  
President and Chairman
